While we make every effort to ensure that all charges are checked prior to discharge, due to the nature of veterinary medicine, this is not always possible. Every patient invoice is audited to ensure billing and record accuracy. As a result you may receive an invoice or incur a credit for services that were performed during your visit at a later time.

Please note, that due to the increased cost of providing 24 hour Veterinary services, our overnight fees have increased.

Please do not hesitate to contact us with questions regarding your invoice.
