MASTERCARD LINES OF CREDIT

If we receive payment for the total of the previous billing cycle's New Payoff balance by the date the payment was due, we do not assess any new periodic FINANCE CHARGE on your balance, excluding cash advances which are assessed FINANCE CHARGES from the day they are posted to your account until they are paid. If such payment was not received, then we compute the periodic FINANCE CHARGE on your account by multiplying the daily periodic rate by the average daily balance and multiplying the result by the number of days in the statement period. To get the average daily balance, we take the ending balance of your account each day, after adding any new advances or purchases and subtracting the principal portion of any payments or credits.

PREMIER LINE / OVERDRAFT LINE OF CREDIT

We compute the periodic FINANCE CHARGE on your account by multiplying the daily periodic rate by the daily balance of your account. To get the daily balance, we take the ending balance of your account each day, after adding any new advances and subtracting the principal portion of any payments or credits.
