Why You Received This Letter

The Franchise Tax Board (FTB) takes the privacy and security of your confidential information very seriously. We are providing a summary of all active Power of Attorney (POA) representatives on your account for your review. This list does not include any active Tax Information Authorization (TIA) relationships you may have. For additional information about TIA relationships, go to ftb.ca.gov/TIA.

A POA representative is a specific person authorized on a POA Declaration by you or your authorized representative to obtain your confidential tax account information and represent you in matters before FTB. Your POA representative can obtain your account information, such as your estimated tax payments, notices, balance due, and tax year details, by phone, in person, or in writing. If your POA representative has a tax professional MyFTB account, they may have online access to your account information as well. For additional information about POA Declarations, go to ftb.ca.gov/POA.

What You Need to Do

Review the **Active POA Representatives on File** list to verify you still want each POA representative to have access to your confidential tax information and represent you in matters before FTB. If no changes are necessary, then you do not need to take any action at this time. Keep this letter for your records.

If you need to revoke one or more of the listed POA Declarations, you **must** take one of the following actions:

- Log in to your online MyFTB account to view, edit, or revoke your POA Declaration(s).
- Call us at 800.852.5711 and reference the associated Declaration ID number.
- Send us a completed FTB 3520 RVK, *Power of Attorney Declaration Revocation*.

Please do not return this letter.

If you have more than one POA or TIA relationship with an individual representative, revoking any POA or TIA relationships with that individual representative will not change their online access level for any remaining relationships. For additional information about online account access levels, go to ftb.ca.gov/access.
