

Reduce data center
operating costs 80%
with **lopoco** servers

lopoco
low power systems

**40 servers in a single
cabinet
with a 110 volt,
15 amp circuit!**

Increase uptime and
availability
with **lopoco** servers

**Thin server
provisioning without
thin provisioning!**

lopoco servers are
more reliable,
because they
run cooler

With **lopoco** servers,
you can make your
HVAC contractor a
stranger
