2 Information About Your Order

Will you be picking up your own kit from the factory or will you be having a shipping company pick it up? (check one) Pick-up Stewart Transport Other Shipping

If you decide to have your kit shipped we suggest using Stewart Transportation (888-737-4852) as your carrier. If you are using a different carrier, you will need to determine whether or not they will require everything in a crate, if so check the following box: 13600 Shipping crate (\$695)
16'L x 52" H x 6'6" W

When do you want your kit? Insert either ASAP or your most convenient: ASAP _____

Your kit comes with a Certificate of Origin (also referred to as an MSO or COO). This is the titling document that records the manufacturer of the chassis/body. It is important that the information recorded on the front of the Certificate of Origin (owner's information) is correct and accurate. Please record this information if different than above.

3 Select Options and Complete Kit Order Form

A. Choose one of the following exhaust systems:

- 25597 GTM Cat-Pipe Exhaust System, 1997-2000 Engines
- 25912 GTM Cat-Pipe Exhaust System, 2001-2004 Engines

Note: It is critical that we know which exhaust you will need, and best if we know at the time the order is taken. However, this choice is amendable until two (2) weeks before your scheduled completion date. If you have not made a selection by that date, the option will default to the 25912 Exhaust for 2001-2004 Corvette engines. Should you choose to exchange, shipping charges will be billed to you directly.

Other GTM Options

B. **Telescoping Steering Column Adapter:** Some Corvettes offered an optional telescoping steering column. If your donor car has telescoping steering, you will need the following assembly.

- 25892 Telescoping Steering Column Adapter Assembly \$156

C. **GTM Heating / Air Conditioning kit:** This kit utilizes the Corvette compressor, condenser and accumulator. The assembly includes the evaporator and blower, control panel, and all hoses and duct work. See the GTM assembly manual for a complete list of parts with Corvette part numbers.

- 25931 GTM Heating / Air Conditioning Kit \$1350

D. **GTM Adjustable Rod End kit:** The Adjustable Rod End kit allows further tuning of the front suspension by changing bump-steer characteristics. Replaces the OEM style, tapered shank rod ends that come standard in the GTM kit.

- 25524 GTM Adjustable Rod End Kit \$199

4 Order, Deposit, and Terms

GTM orders require a \$2,000 deposit. There is a \$250 cancellation fee for cancelled orders. Please check off the spaces below.

- I agree The configuration of Factory Five kits can and will change over time. Factory Five Racing, Inc. reserves the right to make changes to the kit and its configuration, which may affect my order, and I agree to accept these changes.
- I agree I understand that orders may be cancelled for any reason. I agree to pay a \$250 cancellation fee in the event that I cancel this order.
- I agree I understand that Factory Five Racing will make every attempt to have the chassis kit ready at the estimated production date. In the rare case that the kit is not ready on time, Factory Five Racing may change production dates as needed, and I agree to accept these changes. All orders are FOB Wareham, MA.
