Kforce Proof of COVID-19 Vaccination Status

Greetings from Kforce!

We hope you are enjoying your Kforce onboarding experience for your engagement at HPI. This is to make you aware of HPI's COVID-19 vaccination requirements and facilitate your compliance with them.

HPI will require proof of COVID-19 vaccination as a condition of accessing any HPI site in the US. This applies to employees, contract workers, visitors, partners, and customers. Anyone representing HPI at partner and customer sites or attending an approved external event on HPI business in the US must also be fully vaccinated.

Requirements are subject to change to reflect the latest state and federal guidance and/or mandates

We are asking that you take a moment to click on the link below and answer a few questions to help us understand your worksite status (i.e. fully remote, partially remote or onsite) and your current vaccination status.

Please complete the form below **immediately to avoid delay in onboarding**. Please enter the below information into the appropriate Client Name and Candidate ID fields within the survey:

Client Name: HP INC.
Candidate ID: 23022532

Click Here to Acknowledge

If you are not vaccinated because of medical, disability, or religious-related reasons, we respect your decision and will reasonably accommodate you, where doing so does not create an undue hardship or direct threat for our client or for Kforce. If you would like to request a reasonable accommodation, please reach out to your Kforce Onboarding Representative at TechnologyOnboarding@kforce.com who will put you in touch with your Human Resources Business Partner to begin the process.
